HistoricHouseGuy.Com

Stephen Marshall owner of Stephen C. Marshall LLC has been professionally involved in the restoration business since 1975.

Having worked with his father for years on many historic buildings gained experience in many facets of the trade. Skills such as timber framing, plastering, custom millwork, masonry, epoxy consolidation and general carpentry have taken him from the bottom of a well to the top of a steeple and everywhere in between for repairs.

Mr. Marshall has worked on numerous landmarks as well as private residences across the state.

This presentation will cover antique homes identifications, issues concerning those homes and how today's building trades and products can affect them.
