Radon Measurement Continuing Education Seminar

February 23rd & 24th, 2010

Courtyard Marriott

4 Sebeth Drive • Cromwell, CT 06416

This radon measurement seminar is a two-day course and will provide the 16 hours of continuing education needed to maintain NRSB certification. The focus will be on practical radon testing issues and problems and their solutions. Bring all of your questions about radon and radon testing for discussion with your colleagues and a nationally renowned radon expert.

Areas to be covered include:

- Changes in EPA Protocol Documents
- Review Testing Protocols for Real Estate Transaction
- 2 passive (charcoal, electret, liquid scintillation)
- 1 electronic continuous radon monitor
- Emphasis on Quality Control Measurements
 - Duplicates
 - Blanks
 - Spikes
 - Proficiency Tests
 - Review of Relative Percentage Difference
- Testing Protocols for Large Buildings, i.e. Schools
- Testing Protocols for Multi-Family Housing
- Radon Resistant New Construction
- Granite Debate & Outcomes
- World Health Organization Report & Recommendations
- Communicating Health Risk to Public

Early Bird Registration

Before January 30th... \$275.00

After January 30th... \$325.00

Fee includes:

- Seminar
- Continental Breakfast each day
- AM/PM Coffee Breaks each day
- Buffet Lunch each day

The seminar leader, Andreas “Andy” George has more than 40 years of experience in radon research and measurement techniques necessary to measure the health risks from indoor radon.
